

KRMC

BEYOND COMPLIANCE

Radiation Safety

Expertise & Experience: The KRMC Advantage!

Our radiation safety professionals have decades of experience in industry, research and health care. KRMC provides comprehensive radiation safety solutions.

PROGRAMS

We will ensure your facility complies with all regulations and applicable standards. We'll highlight any gaps we find and help you to implement an effective safety program.

TRAINING

KRMC training goes beyond the textbooks. We emphasize practical applications as well as theory. The courses address the technical, administrative, and implementation challenges faced by both Radiation Safety Officers and end users.
